

## INK COMPATIBILITY

GlassApeel is a premium 7 mil PET clear film featuring hybrid micro-suction technology for flawless wet-apply installation. Simply apply with water to eliminate bubbles, then remove, reposition, and reuse as needed—without residue or static. The durable gloss surface delivers exceptional color clarity, withstands temperature changes, and cleans easily with standard glass cleaners. Designed for glass, metal, and select smooth surfaces, GlassApeel is ideal for storefront graphics, indoor décor, and promotional installations. Compatible with Eco-Solvent, Latex, and UV, UV Gel printing platforms.
